Objectives of the EIAC

Article (5)

The EIAC aims to:

1. enhance the global standing of the UAE and the Emirate by obtaining international recognition in various areas of Accreditation from concerned regional and international organisations;
2. facilitate trade operations and enhance the role of the UAE and the Emirate in the fields of commerce and industry by promoting the recognition of the certificates issued by the international Conformity Assessment Entities accredited by the EIAC;
3. contribute to the protection of the environment and the promotion of health and safety; support the national economy and consumer protection; and boost the competitiveness of economic establishments in local, regional, and international markets, through the Accreditation of Conformity Assessment Entities that grant conformity assessment certificates for commodities and services at the international level, in accordance with the relevant adopted standard specifications;
4. ensure the quality, trustworthiness, and credibility of the certificates and reports issued by Conformity Assessment Entities and Healthcare Facilities; and
5. raise the level of Accreditation standards in line with the international developments and improve the quality of Conformity Assessment Services.

Functions of the EIAC

Article (6)

For the purpose of achieving its objectives, the EIAC will have the duties and powers to:

1. accredit Conformity Assessment Entities and Healthcare Facilities within and outside of the UAE, and grant them the Accreditation Symbol in accordance with the relevant adopted requirements and standards;
2. register, and issue the necessary permits and approvals to, the Conformity Assessment Entities operating in the Emirate, including in Special Development Zones and free zones. This does not apply to the medical laboratories, biobanks, Healthcare Facilities, and Conformity Assessment Entities affiliated to Government Entities in the Emirate;
3. develop and approve the processes and procedures required for verifying the competence of Conformity Assessment Entities and Healthcare Facilities;
4. follow up the activities of Conformity Assessment Entities and monitor their compliance with the relevant applicable legislation and adopted specifications by conducting inspection and assessment visits to the places in which these entities provide their services;
5. establish the requirements and standards for using Accreditation Symbols by Conformity Assessment Entities and Healthcare Facilities;
6. participate in, and coordinate with the concerned federal and local entities on, the development of standard specifications and Conformity Assessment systems for various products and services, where required;
7. develop, in coordination with the Concerned Entities, databases and electronic and digital applications to improve the services provided by the EIAC at the local, regional, and international levels;
8. raise awareness on the importance of the work of the EIAC and on the role of Accreditation in protecting the environment and preserving health and safety;
9. hold, organise, and conduct specialised technical training programmes and conferences; and coordinate with educational institutions and research centres to develop specialised academic programmes in the field of Conformity Assessment and Accreditation;
10. cooperate and participate with other entities, persons, corporations, and authorities within and outside of the UAE in areas related to the EIAC work and duties; and conclude any relevant agreements or memoranda of understanding;
11. participate in the international events and functions related to Accreditation and Conformity Assessment, and represent, in coordination with the concerned federal and local entities, the Emirate or the UAE in such events and functions; and

12. exercise any other duties or powers related to the achievement of the objectives of the EIAC, as assigned to it by the Executive Council.

Functions of the Board of Directors
